

MR. PROVIDER

the stage play

LETTER FROM

Terrell Manger

I am very excited about this opportunity to partner in restoring the image of men, family and the entire community. Though we are all connected with different families, different communities and different lives, we are all united in hope for a better city. The insight that is provided in this Stage Play is both enlightening and inspiring. In a world that appears to focus on men who are not living up to expectations, we want to take time to celebrate the men that are trying to do what is right. Our hope is that other men would strive to imitate what we celebrate.

Stage Plays that we have presented in the past have historically had major impacts on the participants and have been very successful with community support. Since 2012 we have presented stage plays to filled auditoriums with relevant message that inspired positive social change. We've presented an original Hip-Hopera that served as a field trip to students within MSCS. Each production is another strategic, yet, entertaining step in the direction of a positive culture change.

This presentation of the stage play entitled "MR. PROVIDER" will be at New Direction Church in the Hickory Hill Community Friday June 14, 2024 Father's Day Weekend. It will be meaningful for adults and youth. We bring Hollywood to the Hood in a much needed story with an insightful perspective that presents the thought, "Who takes care of the man that takes care of everyone else. Please partner with us to make this a success!
